2. When will I receive my W-2 form?

If you have opted to receive an electronic W-2 form, your W-2 will be available through Employee Self Service on or before January 31, 2023. If you requested to have a copy of the W-2 mailed to you, you should anticipate receiving the form after January 31, 2023 as they are required to be mailed by that date. The copy will be mailed to the address that is on file for you in Employee Self Service.

3. Why do the wages reported on my W-2 not match my year-to-date (YTD) earning amount on my last paycheck of the year?

If your wages do not match your year-to-date earning amount, then your before-tax deductions may not be included in your taxable wages. Conversely, your YTD Earnings amount does not include the taxable portion of items such as your Group Term Life Insurance benefit, NJ Wellness and third party sick pay.

4. Why is my annual salary different from my YTD earnings?

There are a few reasons why these amounts may be different. For example, your pay rate may have changed during the year or you may have received overtime or other compensation.

5. Why are there four wage amounts listed on my W-2 form and why are they different amounts?

Government regulations determine how each type of wages are reported and taxed by the various federal and state agencies. Your W-2 will show one or more of the following types of wages:

- Box 1 – Wages, Tips, Other Compensation
Wages subject to Federal income tax.
- Box 3 – Social Security Wages
Wages that are subject to Social Security tax.
- Box 5 – Medicare Wages and Tips
Wages subject to Medicare taxes.

Please Note: Your gross wages for Social Security and Medicare are reduced by “pre-tax” payroll deductions for health insurance, dental insurance, vision insurance, accidental death, and disability insurance, and for pre-tax parking. If your Social Security wages exceeded \$147,000, Social Security tax was withheld on the first \$147,000 of wages. This is the maximum amount from which social security taxes could be withheld for 2022. Medicare has no maximum.

- Box 16 – State Wages, Tips, Etc.

For NJ residents, the total wages subject to State income tax and Group Term Life deduction. For PA residents, the total wages are reduced by the “pre-tax” payroll deductions and does not include Group Term Life deduction.

6. What do the letters “D”, “E”, “G”, “AA” and “BB” in Box 12 reflect?

Rutgers employees may participate in five types of tax deferred annuity programs – Code Section 401(a), 403(b), Roth 403(b), 457 and Roth 457. IRS codes are explained on the back of W-2 Form “Copy 2 (File with State, City, and local taxes) and C (Employee’s Record.) Other important information is also documented there.

If you choose to print your Form W-2 via [my Rutgers Employee Self Service](#), the filing information on the back of the printed Form W-2 is located at the link titled “Filing Instructions.”

7. What is the amount reported with the letter “C” in Box 12 of W-2 Form?

Code “C” is reporting the taxable cost of the group-term life insurance over \$50,000. This amount is taxable and is included in boxes 1, 3, 5 and 16.

8. What is the amount reported with the letter “DD” in Box 12 of my W-2 Form?

Code “DD” indicates the amount of employer paid health coverage under our employer-sponsored health plan. This amount is not taxable. The purpose is to provide employees with useful and comparable consumer information on the cost of their health care coverage.

9. What are the items in boxes 17, 19 and 20 used for?

- **Box 17 – FLI**

This amount represents the employee portion of NJ family leave insurance based on a taxable wage base of \$151,900.00 for calendar year 2022. The maximum yearly dollar limit for calendar year 2022 is \$212.66, and is calculated by multiplying the 2022 taxable wage base of \$151,900 by the 2022 FLI tax rate of 0.14%.

This amount may be deductible as other taxes paid when filing your federal income tax return. The amount should not be combined with State income tax in Box 17 when filing your NJ Income Tax Return.

- **Box 19 – Local income tax**

The amounts represent the employee portion of NJ SUI (state unemployment insurance) and NJ TDI (temporary disability insurance) and are calculated as follows:

The 2022 maximum yearly dollar limit of \$152.24 for SUI is calculated by multiplying the 2022 taxable wage base of \$39,800.00 by the 2022 SUI tax rate of 0.3825%.

The 2022 maximum yearly dollar limit of \$212.66 for TDI is calculated by multiplying the 2022 taxable wage base of \$151,900.00 by the 2022 TDI tax rate of 0.14%.

These amounts do not represent local income tax and should not be combined with State income tax in Box 17 when filing your NJ Income Tax Return. These amounts may be deductible as other taxes paid when filing your federal income tax return.

Please note that many third-party income tax return preparation software providers will request that you provide any local wages shown in Box 18 and any local taxes shown in Box 19. As you will see, there are no local wage amounts to report in Box 18. The reason for this is that NJ does not have a local wage or tax filing requirement. Therefore, when prompted to add an amount you should not enter anything relating to local taxes in Box 19.

- **Box 20 – Local Name**

These names related to SUI and TDI and do not relate to any local wages or taxes.

10. If I worked more than one job at Rutgers this year, do I get a W-2 form for each job that I was paid for during the past calendar year?

No, you will receive a single W-2 that includes the combined wages and taxes for all jobs paid through Rutgers Payroll Services.

11. What do I need to do if my name and/or Social Security number are listed incorrectly on my W-2?

You will need to include the W-2C and your original W- 2 when you file your tax return.

12. What should I do if I lose my W-2?

If you lose your Form W-2 or do not receive it, and you are currently employed by Rutgers, then you can print an original copy from the [Employee Self Service](#) tab under My Rutgers (select view W-2 and print the form).

14. What should I do if the address listed for me on my W-2 is incorrect?

You may submit a W-2 that has an incorrect address with your tax return. It is recommended that you correct your address in the [Employee Self Service](#) tab under My Rutgers.

18. If I did not have any taxes withheld last year, do I still need to file an income tax return?

The amount of taxes withheld does not determine whether you should file a tax return. Refer to the section titled “Do You Have to File?” in the federal tax Form 1040, Form 1040EZ, or Form 1040NR instructions for information.

The forms are available at your local IRS and NJ Division of Taxation offices and on their websites shown below. The University does not stock these individual tax forms.
