Questions that were not answered live

Question	Response
With delivery of mail on an odd vs. even days, was there consideration to centralize one place for units to go to pick up/deliver mail regardless of the day vs working around delivery? Some mail is highly time sensitive and with hybrid workers it could mean several days before a unit would be aware of something that needed to be immediately addressed, checks etc.	Any unit is welcome to visit the main mail distribution center located at ASBII at 57 US Highway 1, New Brunswick, NJ on Monday through Friday between 9:00 am and 3: 00 pm. The mail center can be accessed by the back door where the loading dock is located.
Will there be a reduction in force due to the University's deficit to mitigate the risk factors?	Each unit will need to review its budget to determine how it will address and contribute to closing the overall deficit.
How many international students did we have on average prior to COVID?	In the fall of 2019 (Fiscal Year 2020) which was right before COVID started in March 2020, Rutgers had enrolled 8,150 international students.
How will name, image and likeness (NIL) in Athletics impact the Rutgers Budget?	We do not know yet if there will be an impact. The University will continue to monitor.
Will the 75/25 tuition split approach be reevaluated to more accurately align with actual cost of delivering instruction in the teaching unit?	The current tuition split has been evaluated and is appropriate with the average cost of instruction and academic support.
