

FLYWIRE GRADGUARD TUTORIAL

Step 1: Both students and authorized users will be prompted to review and acknowledge the University's Refund Policy upon logging into Flywire.

Acknowledgement of Refund Policy

Please read through and acknowledge the refund policy provided by Rutgers School of Biomedical and Health Sciences

Our Refund Policy is outlined below. It is important that you read and understand your financial responsibility when a student must withdraw from school.

You will have an opportunity to purchase the optional tuition insurance plan in the next step. This plan can reimburse non-refundable tuition and housing costs after an unexpected withdrawal for a covered illness, injury, mental health condition, and more.

I acknowledge

Step 2: You will be presented with the tuition protection offering. You can choose to add tuition protection or deny tuition protection.

College Tuition Protection

Protect your student's education from an unexpected covered withdrawal at any time during their semester.

For a small fraction of your overall tuition costs, Tuition Insurance can **protect up to 100% of your family's education investment** should a student withdraw for a covered medical reason as advised by a licensed medical professional for the covered term.
